### Instructions:

1. Use the Spring Leaves Frame Punch to punch the four corners of a sheet of Songbird Blue Cardstock.
2. Trim all four sides of the cardstock from punched corner to punched corner. See video.
3. Center the frame piece on the 13" x 13" Cutting Mat and use the Cutting Mat Layout Ruler and pencil to measure and draw lines 3/4" from the outside straight edges of the frame.
4. Use the 12-Inch Trimmer to cut on the drawn lines. Flip the frame to its backside and adhere to a sheet of designer paper.
5. From the leftover cardstock, cut (4) 3-3/4" x 3-3/4" photo mats. Cut one mat into (6) 3-3/4" x 1/2" strips for journaling. Center and adhere the mats and strips in the center of the frame.
6. Cut (4) 3/8" x 12" strips from a second sheet of designer paper. Trim to 8-7/8" in length. Adhere two of the strips to the inside edge of the frame. Cut the ends of the remaining two strips at angles to create mitered corners and adhere to the frame.
7. Cut (4) 3-1/2" x 3-1/2" photo mats from Bright White Cardstock and adhere to the blue mats.
8. Use the Black Dual-Tip Pen and the White Gelly Roll Pen to add faux stitch lines around the inside edge of the frame.
9. Adhere stickers and embellishments with Foam Squares.
